

## Conference Introduction

2019 6th International Conference on Petroleum and Petrochemical Engineering (ICPPE 2019) will be held in Da Nang, Vietnam during January 16-18, 2019.

It directs towards addressing main issues as well as future strategies of global energy industry. This is going to be the most promising international conference where petroleum and petrochemical engineering (eg. oil and gas engineering) professionals as well as decision makers will come to discuss and debate on various aspects of the

challenges, risks and investment opportunities throughout the complete integrated energy and utilities supply chain.
